

Love is primal. Love is essential to connecting with your mission, with other people and — most importantly — your own unfolding self.

What we fear the most is that
telling the truth will make us
unattractive.

But in actuality it is the
opposite!

The person *who wants to give
you what you want* will find
your dating + relationship
purpose very attractive.

We can still astonish the
gods in humanity and be the
stuff of future legends,
if we but dare to be real,
and have the courage to see
that this is the time to dream
the best dream of them all.
